DEALING WITH UN-LICENSED PRACTICE BOARD CLARIFIES COMPLAINT PROCESS FOR NON-LICENSED THERAPISTS

Denise M. Logsdon, LMT, Board Secretary

Complaints made against unlicensed individuals practicing massage therapy are handled slightly differently from those against a licensee.

A major difference is that the licensee will receive a copy of the complaint form submitted to the KBLMT. The unlicensed practitioner will not receive this automatically.

If a complaint is submitted to the board against an unlicensed therapist, the Board Administrator will immediately send a "Cease and Desist" letter to the alleged offender if there is evidence of practice without a license. The person filing the complaint can provide this evidence by providing a copy of advertising or a statement from someone who has had a massage from the unlicensed individual. Contact information for the witness is necessary for the statement to be considered evidence. Advertising includes newspaper, Yellow Page ads, flier and

business cards with dates and places they were distributed. Photos of signage are best if dated, preferably using a daily newspaper.

Complaints with adequate evidence can be submitted anonymously. Complaints submitted without any evidence should have the name and contact info of the person making the complaint so the board can have the board investigator ask for more information that can lead to proof of practice without a license. Anonymous complaints with no evidence are dropped as they are impossible to pursue.

If the alleged offender signs the "Cease and Desist" letter, the board may be satisfied. If the offender signs the "Cease and Desist" and applies for a license, the Board will verify their qualifications for licensure and impose a fine for unlicensed practice to be paid before license will be issued.

If the alleged offender does not apply for a license, the Complaints Committee does random follow-up to see if the offender truly stopped practice. If found to be in violation of the "Cease and Desist" letter, the offender's file is turned over to their local authority for prosecution.

Complaints against unlicensed therapists can be resolved quickly if good evidence is submitted with the complaint. The best evidence is dated advertising, so doing a little research before filing the complaint will help get the unlicensed practice ended more quickly.

How to File a Complaint:

You may file a complaint against an unlicensed practitioner by calling the Board office at (502)564-3296 ext. 237; via fax at (502)564-4818, or via email at jeff.boler@ky.gov.

Chair-ful News

by Theresa M. Crisler
Board Chair, L.M.T.

It is the board's duty to administer and enforce the provisions of KRS 309.350 to 309.364, ensuring that regulations are enforced, standards of practice are met and that the public is provided massage therapy by qualified, licensed massage therapists. In the coming year, the Board will be looking at the Kentucky retention rate of licensees while taking a closer look at the decrease in license renewals. As we look at trending, we will be asking the schools to provide the number of students graduated annually, then do a comparison to the number applying for licensure. The associations will be asked to provide a list of memberships, and those members will be checked against the current licensure lists to determine if students are following through on the credentialing process. As a reminder, disciplinary action will be taken for anyone caught practicing massage therapy without an active *KENTUCKY* license. Remember LMT's, if we stay true to our mission with professionalism and courage, we will move "massage therapy" into an elevated and respected health care profession. May we continue to work together in our efforts to ensure public safety and the trust of our Kentucky citizens for whom we serve.

MEET THE BOARD MEMBERS

Theresa M. Crisler, L.M.T.
Board Chair

Theresa resides in Paducah, KY and is a veteran of the U. S. Army. She served a 27 year career with the Federal government before starting her new career as a Licensed Massage Therapist. She holds a Bachelors degree in Social Work from California State University, and a Masters Degree in Management from Indiana Wesleyan University. She completed 3 consecutive years of massage therapy training from the Health Enrichment Center in Lapeer, MI where she completed over 3,000 hours of Advanced Practitioner and clinical training. She is owner of Western KY

Therapeutics, has been a massage therapist since 1996 and specializes with pain management and oncology massage. Theresa is currently working on her Doctorate in Naturopathy (Natural Medicine) and has served on the Kentucky State Board since July 2003. She has been singing with the Southern Gospel group "The Peacemakers" since 1995 and very active in the Women's Mission Unit, teaches bible studies and volunteers at community events and the local homeless kitchen.

Sarah E. Hart, L.M.T.
Board Vice Chair

Sarah Hart, a Licensed Massage Therapist and ARCB Board Certified Reflexologist, offers therapeutic massage and foot and hand reflexology from her home outside Irvine, KY, in Estill County. Sarah lives on the bottomland along the green Kentucky River and holds healing-arts retreats in her new home where participants experience various bodywork modalities from visiting practitioners. Retreat participants also get to go hot tubbing and swimming in the Endless Pool as well as enjoy the view of "where the Bluegrass kisses the Mountains."

Sarah is retired from the U.S. EPA and U.S. Coast Guard Reserve. During her Federal Government career, she managed various environmental protection and health and safety programs for both organizations. In her last position with EPA, she was a training manager for the National Enforcement Training Institute. Her love for training is reflected in her massage therapy and reflexology practice. She instructs her clients in basic techniques to practice between sessions. Sarah especially likes to work with couples and older persons. As such, she conducts community education programs and volunteers her skills in retirement and rehabilitation centers.

Denise Logsdon, L.M.T.
Board Secretary

Denise Logsdon is Director of Massage Therapy at Spencerian College in Louisville. She began practicing massage therapy in 1987 in Virginia Beach, VA. She has practiced in chiropractic offices, a wellness center, a hospital, and 3 salon/spas. She maintains a small private practice, specializing in myofascial trigger point and myofascial release. She holds a BA in PE from Cal State Long Beach, with a Specialist in Adapted PE certificate.

Ms. Logsdon has been a member of the American Massage Therapy Association for 20 years, serving as a national vice president, national government relations chair, national finance committee chair, chapter president of Virginia and KY chapters, and VA chapter education and legislative committee chair. She organized the coalition of massage therapists in KY who collectively wrote the massage licensing bill passed in 2003 and served as the activist representing MT's to get it passed. She now sits on the ad hoc committee of the KBLMT for drafting a legislative proposal and on the Applications/Education Committee after 2 years on the complaints committee.

ELECTRONIC SCORE REPORTING FROM

NCBTMB

In early 2008, the National Certification Board of Therapeutic Massage & Bodywork (NCBTMB) began transmitting scores to the board office electronically. This is significantly reducing the amount of time it takes to get licensed in Kentucky. Instead of taking three to four weeks to receive testing results, we are now receiving them within 24 to 48 hours.

Schools should advise students of this new change. If there are continued problems with reporting from the national board, please contact the board administrator at (502)564-3296 ext. 237, or via email at jeff.boler@ky.gov.

For further information concerning the examination procedures, or reporting, please visit the NCBTMB website at: <http://www.ncbtmb.org>.

HAS A COMPLAINT BEEN FILED AGAINST YOU?

By Theresa M. Crisler

Although panic, fear and anxiety can be triggered with the news, the best reaction is to gather the facts and present documentation in a professional manner. Be open and candid in your response to the complaint, frame your response according to the relevant regulation, respond thoroughly and carefully, organize the response in a clear, concise and readable format, use supporting documentation if possible, and consider consulting with an attorney familiar with licensing boards before responding to the complaint.

Complaints are on the rise. The first complaint was dated February 13, 2004 and since that date, a total of 73 cases have been filed as follows:

2004:	3 complaints
2005:	9 complaints
2006:	10 complaints
2007:	14 complaints
2008:	37 complaints with one quarter to go.

Breakdowns of the cases are as follows;

Unlicensed Activity	49
Sexual Misconduct	13
Facilities Employing Unlicensed MT	7
Injury Claims	2
Billing Practices	1
Inappropriate Draping	1

Every complaint is taken seriously and all are reviewed by the Board attorney. Most cases are dismissed without prejudice; meaning they can be reopened at a future date if additional complaints should arrive. The dismissals occur when Agreed Orders are signed, when Cease and Desist letters are mailed, when cases are turned over to local authorities for action, or unfortunately, when there is not enough information or evidence to support the complaint.

You can find more about the complaint process by reading 201 KAR 42:050. You can find the Laws and Regulation booklet on the board website at:

YOUR LUCKY NUMBERS: 2, 3, 24 AND YOUR TICKET TO PROFESSIONAL GROWTH IN KENTUCKY: CONTINUING EDUCATION (CE)

by Sarah E. Hart, L.M.T.

What is Continuing Education (CE)?

CE is truly your ticket to professional growth and development. The regulations say it is “an approved program or learning experience that is designed to facilitate continued competency including ethical and legal practice in the therapeutic massage and bodywork profession ...” (201KAR42:110)

Why do I need CE?

Continuing education is a condition to renew your massage therapy license. But also think of it as a way to grow professionally and to meet and network with other practitioners.

How many CE hours do I need to renew my license?

You need a minimum of 24 hours of CE during your 2-year licensure period.

Do some of the 24 hours of CE need to be in special areas?

Yes, 3 of the 24 hours must be in the field of professional ethics to renew your Kentucky license. But remember, requirements for ethics may be different for national certification and association CE requirements.

What do you mean by an “approved program or learning experience” for continuing education?

This means you must take courses relevant to the practice of massage therapy and/or related to the professional growth and development of massage therapy practitioners, including but not limited to ethics, business practices, science, and techniques related to massage therapy. The course must be sanctioned by the board as described below. Remember, the practice of massage applies only to the human body. Therefore, CE hours will not be granted for animal massage.

Where can I locate activities or courses that will meet CE requirements?

There are many sources for appropriate courses and learning activities. Courses from the following organizations/providers don't require Board review or approval:

- NCBTMB (www.ncbtmb.org)
- AMTA and its state affiliates (www.massagetherapy.org; www.amtaky.org)
- NCCAOM (www.nccaom.org)
- AOBTA and its state affiliates (www.aobta.org)

- ABMP (www.abmp.com)
- Massage Therapy programs duly licensed to operate in other states Providers who are recognized as “Kentucky approved providers”
- Degree-granting college or university accredited by an agency approved by the Council of Higher Education Accreditation

What kind of CE hours require Board review and approval?

Programs such as home study courses and in-service training provided by organizations, educational institutions or other service providers not listed above require approval by the Board.

Are there other ways to get CE hours?

Yes, presenters of relevant program or academic courses may earn double CE hours for the length of presentation time, not to exceed 12 hours per license renewal cycle.

Can any of my CE hours carry over into the next license renewal period?

Yes, a maximum of 12 CE hours may be carried over.

(continued on page 7)

CONTINUING EDUCATION (continued from page 6)

Will I be notified when I need to renew my license and submit CE hours?

Yes, you will receive a licensure renewal form about 30 to 60 days prior to the expiration of your license. To get this notice in a timely manner, it is important that the Board have your correct mailing address.

Do I have choices as to how and when I renew my license?

You can renew your license on-line or by mail. Go to <http://finance.ky.gov/bmt> and look for the on-line renewal link or search for and print the Application for Renewal form. Whether renewing by mail or e-mail, all license renewal applications must be reviewed and approved by the Board. Therefore, timely submission is important. You may submit your renewal application up to 60 days before expiration of your 2-year licensure period. There is also a grace period of 60 days, but if the Board receives your application after your expiration date, it will cost you more to renew.

What do I need to submit to document my CE hours?

Typically, you need to list the

course name and sponsor of the CE hours. Remember, the CE hours taken must fall within your current licensure period. When your application is audited, and only then, you will need to submit copies of CE certificates for Board review and approval.

See 201 KAR 42:110(4) for a complete explanation of the documents that are required.

I've hear about auditing of license renewal applications. How does this work?

Periodically the Board audits the documentation of a specific percentage of license renewals. Should your notice of renewal include an Application for Renewal form stamped with the word AUDIT, you will need to return your renewal by mail and submit CE documentation with it. You could renew online but you still have to send in your documentation, if audited, so you might as well submit everything by mail. As stated above, that AUDIT documentation includes copies of CE certificates for courses or activities within your current renewal period. (Remember: For a non-audited renewal application, you need

only to list the course names and the sponsor of the CE hours.)

See 201 KAR 42:110(4) for a complete explanation of the documents that are required

What happens if I don't renew my license in a timely manner?

If your license is not renewed by its expiration date it is no longer valid and you must stop practicing massage therapy.

Where can I get more information, or read about additional details for license renewal?

There are several good sources of information available to you on-line: Read about Continuing Education Requirements in 201KAR42:110 or go to <http://finance.ky.gov/bmt>. The massage therapy associations also have state CE requirements posted on their Web sites. And, of course, if you have additional questions, you can contact the Kentucky Board of Licensure for Massage Therapists at (502) 564-3296.

REMEMBER: 2, 3, 24. These are your lucky numbers—renew every 2 years; have 3 hours of ethics, and 24 total CE hours.

THE DO'S AND DON'TS OF LICENSE RENEWAL

by Michael P. Mansfield, AAS, LMT, CNMT

Massage Therapy license renewal should be a routine event in any LMT's career path. However, some common mistakes can delay the process. One of the most common mistakes being made in renewing of licensure is in not providing documentation of CEU hours when being **AUDITED**.

If renewal is completed on-line, the licensee will be notified at that time of an **AUDIT**. The following instruction is provided for the on-line applications:

DO'S

Look over your application carefully before mailing. (e.g. **AUDIT** gray stamp on both pages of the form)

Return the renewal application with a check or money order.

Ensure the renewal application is completed in its entirety and received before the license renewal date.

DON'TS

Do NOT submit an AUDITED application without the appropriate documentation of earned CE Hours.

Do NOT send cash.

Do NOT delay in renewal or skip any part of the application form. Applications for renewal received after the renewal date or missing information will be subject to late fees.

If your renewal states that you have been *audited* you will be required to submit copies of your continuing education certificates for your board to review and approve.

License renewal applications mailed to the licensee from the KY State Massage Board will notify the licensee of an **AUDIT** via the word *AUDIT* appearing within the CE hours information box. The word *AUDIT* appears as a gray watermark and can be missed if the applicant is not paying attention.

In conclusion:

It is also important to note that audited, or late renewals must be reviewed by the board before being processed. It is important to submit your renewals forms as early as possible to avoid potential delays.

For more information on the renewal process, please refer to 201 KAR 42:040.

Thank you for choosing Massage Therapy as a career choice. The board supports your efforts to maintain and promote ethical, professional, caring work.

INSURANCE BILLING

by Michael P. Mansfield and Theresa Crisler

In April 2008, the board was informed of some serious issues with an insurance company attempting to recover fees previously paid, and not honoring established insurance coding for therapeutic procedures provided by Licensed Massage Therapists. Though a resolution was outside the scope of the Massage Therapy Board, the board brought these concerns to the attention of the Kentucky Department of Insurance. What we gained from the response was that the Department of Insurance does not have authority to regulate the terms of provider contracts.

Also interesting to note, was the content of another insurance letter which specifically read, "Our contract requires that the physician only bill for massage if he/she personally administers the treatment." It went on to say, "Massage cannot be administered by a member of the physician's staff" and that "massage therapy is specifically excluded as an alternative or complementary medicine service, however, CPT code 97124, Massage, as a modality of physical medicine, provided and billed by an eligible contracted network provider, may be a covered service when medically necessary." This begins to limit massage practice within chiropractic and other clinical environments which result in additional complaints to the board regarding the violation of public trust.

While understanding that insurance coverage varies from state to state and company to company, the biggest issue with insurance billing is the lacking recognition of Licensed Massage Therapists (LMTs) in the health care industry.

Vivian Madison-Mahoney, LMT with 23 years experience with insurance billing, says that the Massage Code 97124 has been a reimbursable procedure long before Licensed Massage Therapists were a part of the billing system. She goes on to say that the insurers will balk at paying when performed and billed by the trained and licensed, yet they have no problem paying higher rates to others in the health care profession who are not trained or licensed in the massage field. There are increasing cases in Kentucky, where specific insurance companies are now demanding repayment for massage services that were not physically performed by the Chiropractor, Medical Doctor, or Physical Therapist. This becomes a serious problem for the LMTs employed in the clinical environment.

What can be done? It is not within the scope of this Board's authority to promote change in this area. The purpose of this article is (1) to educate the community of licensed massage therapists regarding insurance coverage issues so that ethical violations to be enforced by the board for misrepresenting whether services are covered may be avoided and (2) to address this issue generally so that licensees interested in pursuing contractual or legislative change in this area may address their concerns to the appropriate parties and not to this board. If you wish to see action taken in this area, those concerns should be addressed to the relevant trade associations, insurance companies, and legislators.

OPEN MEETINGS

In 1974, the General Assembly enacted the Open Meetings Act, KRS 61.800 to KRS 61.850, which establishes a right of access to public meetings. The General Assembly recognized that the formation of public policy is public business, and should not be conducted in secret. The Act requires that all meetings of a quorum of the members of a public agency where public business is discussed or action is taken must be public meetings. Public meetings must be open to the public at all times unless the subject of the meeting falls within one or more of the twelve exceptions found in the statute. Members of the public may attend any public meeting and cannot be required to identify themselves in order to attend.

All meetings of the Kentucky Board of Licensure for Massage Therapy are open meetings, and all interested parties are welcome and encouraged to attend.

The board offices are located at 911 Leawood Drive, in Frankfort, KY. Business hours are 8:00 AM - 5:00 PM, Monday through Friday. If you have an item that you would like the board to address, please contact the Board Administrator at least one week prior to the meeting date.

If you have any questions, please contact the administrator at (502)564-3296 ext. 237, or via email at jeff.boler@ky.gov.
