

The Kentucky Board of Licensing for Massage Therapy (KBLMT), in collaboration with the Kentucky Veterinary Board of Examiners (KBVE), is seeking stakeholder input as the boards examine legislative implementation of licensure for animal and equine massage in Kentucky. KBLMT is serving in a collaborative role only. KBVE will be the licensing agency.

The virtual stakeholder meeting is currently scheduled for Monday, July 30, 2026, 2:00 pm EST. The meeting will require prior registration. Please see below for directions.

NOTE: This proposed legislation remains in its infancy, and it is imperative to bring together all stakeholders who wish to comment and contribute at the community and board levels before proceeding further in the legislative process. Please, if you wish to comment, contribute, or participate, use the contact information below to establish a communication channel for meeting notices and updates.

To be added to the communications list, please express your interest by emailing your contact information to the following:

vet@ky.gov

KBVE and KBLMT thank you for your interest, expertise, and participation
